State crime and immorality

The corrupting influence of the powerful

Mark Monaghan and Simon Prideaux, University of Leeds

“A provocative and stimulating book...” **James Windle, University of East London**

State crime and immorality shows how states fall away from a functioning whole that ensure uniformity in the name of legitimacy. It looks at everything from invasions of other nations to consolidated media power and confronts the problem of illegitimate actions among the elite in society and government.

New Horizons in Criminology

Series Editor: **Andrew Millie**, Edge Hill University

New Horizons in Criminology provides concise authoritative texts in criminology which reflect cutting edge thought and theoretical development.

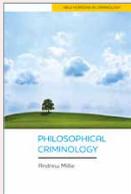

International in scope, books in the series offer higher level content written in an accessible style, explaining principles and developments clearly. They are written so that the non-specialist can understand them and include explanations of more difficult ideas and concepts.

Titles in the series will appeal to all academics and students interested in where criminology is heading.

If you would like to submit a proposal, or discuss ideas, please contact:

Philosophical criminology

Andrew Millie,
Edge Hill University

This accessible book is structured around six philosophical ideas: values, morality, aesthetics, order, rules and respect. It considers the boundaries of criminology and the scope for greater exchange between criminology and philosophy. Using examples from a range of countries, it provides a platform for engaging with important topical issues.

Indigenous criminology

Chris Cunneen, James Cook
University and **Juan Tauri**,
Queensland University of
Technology

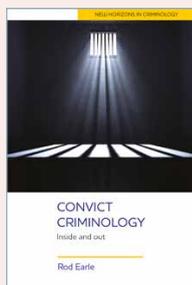

Indigenous Criminology is the first book to explore indigenous peoples' contact with criminal justice systems in a contemporary and historical context. Drawing on material from North America, Australia, and New Zealand, it suggests that colonialism is fundamental to understanding contemporary problems of criminology. Prioritizing the voices of indigenous peoples, it will make a significant contribution to the decolonizing of criminology.
