

Bristol Studies in Comparative and International Education

Series Editors: **Michael Crossley, Leon Tikly, Angeline M. Barrett and Julia Paulson**, University of Bristol, UK

We are delighted to announce that Professor Michael Crossley's highly successful Symposium series *Bristol Papers in Education: Comparative and International Studies* is now being published by Bristol University Press.

The series has been updated with a new name and additional series editors, and will retain the Symposium series commitment to publishing high-quality research, emphasising work that bridges theory, policy and practice, supporting early career researchers and the publication of studies led by researchers in and from the global South. The series editors have chosen BUP as the new home for the series because of its "aim to help create social change and make visible new thinking that challenges injustice and inequality within and beyond academia".
